

Welcome to GUILD OF GAMING!

Welcome to **GUILD OF GAMING**, where we foster an inclusive and supportive community for tabletop gaming enthusiasts of all ages and experiences. Whether you're a seasoned player, a curious beginner, or just someone looking to connect with others, we're thrilled to have you here!

✦ What to Expect

-  **Diverse Gaming Opportunities:**
Our club offers an exciting range of games, including **Warhammer 40,000**, **Age of Sigmar**, **Kill Team**, **Blood Bowl**, and many more. You'll also find board games like **Ticket to Ride Europe**, **Settlers of Catan**, **Pandemic**, and **Munchkin**.
-  **Creative Hobby Support:**
We have a fully resourced **hobby table** with paints, brushes, and even a community 3D printer. This is a space where members can explore the artistic side of tabletop gaming.
-  **Inclusive Community:**
We welcome everyone, but we especially aim to support young people under 25, neurodiverse individuals, and those tackling social isolation. All members must follow our **Code of Conduct**, ensuring a positive and respectful atmosphere.
-  **Introductory Sessions:**
Our club hosts monthly intro sessions designed to help newcomers learn the basics of various games, with hands-on guidance from our volunteers. These sessions are perfect for anyone new to the hobby or exploring a new game.
-  **Regular Free Play Nights:**
On alternating weeks, we host free play evenings where members can book tables for games of their choice, whether it's competitive Warhammer, casual D&D, or board games with friends.

✦ What Not to Expect

- **Babysitting Services:**

While we welcome members of all ages, children under 15 must be accompanied by a parent or guardian. Our volunteers are here to guide and support, but we are not responsible for childcare.

- **Full-Length Games or Sessions During Showcase Events:**

For events like our Open Day, activities are designed as showcases. You won't be sitting down for a full-length game, but you'll get to explore, ask questions, and sample the games we offer.

- **Perfection in Skill or Experience:**

Everyone starts somewhere, and we celebrate growth and learning. Whether you're a master tactician or rolling dice for the first time, you belong here!

Age Recommendations

- Most of our activities are best suited for ages **12+**, but we acknowledge that every individual is unique. Some younger children may enjoy painting or simpler games, while older kids may need a bit more guidance.
- If you're bringing children under 10, please engage with them and help guide their experience to ensure a safe and enjoyable time.

Our Mission and Values

Guild of Gaming is a non-profit group funded by the National Lottery and supported by dedicated volunteers. Our goal is to:

- Promote inclusivity, creativity, and community through tabletop gaming.
- Tackle social isolation, especially for neurodiverse and care-experienced young people.
- Offer affordable and accessible gaming opportunities to everyone.

We look forward to seeing you at our **Open Day** or one of our regular Thursday sessions! Let's build a community where every game is a **good game**.
